

New ADA Dental Claim Form Now Accepted

Beginning June 2005, Medicaid dental providers may begin using the ADA Dental Claim Form, Version 2002, 2004. This claim form has been published by the American Dental Association as the standard claim form in the CDT-4 and the CDT 2005.

To be consistent with the ADA's publication, Medicaid will be transitioning to this claim form. Minor changes with this claim form include:

- Prior Authorization numbers will be entered into block 2
- Oral Cavity Designation code in block 25
- Other insurance paid in block 32
- "TPL Denial Attached" should be entered in block 35
- Performing provider number once in block 49
- Group number in block 50
- Tax ID/SSN in block 51

The Alabama Medicaid Agency does not provide the ADA claim forms. To order the forms, call the American Dental Association at (800) 947-4746 or order online at www.adacatalog.org/

Medicaid Dental Program staff will be providing additional education on this claim form. If you have questions, please contact Tina Edwards at 334-242-5472.
